

New Website Frequently Asked Questions

Why is the website different?

We have updated WoodbineRacetrack.com and MohawkRacetrack.com in order to provide a better, more intuitive user experience to our online guests. In addition to being cleaner, easier to navigate, and mobile-friendly, the website also reflects the new Woodbine branding speaking to the guest experience and vision for the future we have here.

Can I use the old website?

Unfortunately, the old WoodbineRacetrack.com and MohawkRacetrack.com websites are now offline and no longer available, however, all the old features available have been brought over to the new website, along with some new features.

What are the new features?

- The new website is mobile-friendly
- Less clicks to get what you want
 - High demand content has all been moved to a single page
- Interactive stats & leaderboards
- More video content
- Fully accessible

The site isn't working./I'm having trouble with...

At this early stage of website release, this valuable is extremely helpful to us in order to fix issues and bugs and get the site working as it's intended to. If you could describe this issue in detail (and even better, provide a screenshot) this would be a big help to getting this site working as planned. [Note: please record feedback and email to Asim Farhan)

I can't find _____, where is it on this new site?

[Note: Please use the table below to guide customer to new location on website.]
